New export services!

Though our main business is focused on the manufacturing of the highest quality and durability hand-made riding whips and lashes for any kind of equestrian activity, most of our clients outside Argentina have requested our advise and assistance on the purchase and export on their risk and at their expense of the rest of the outfit for any kind of equestrian activity.

The new service offered by our company consists in our taking care of the selection, purchase, preparation and export from Argentina of any kind of item forming the complete outfit necessary for horse riding. Our level of seriousness with respect to the purchases of each item comprising the equestrian outfit ordered by our clients, offering high quality items, delivery time compliance, competitive prices, and above all, our seriousness.

We offer in this catalog some of the items that have been mostly ordered by our clients, such as: saddles, riding helmets, bandages, any kind of accessories, etc. and, of course, the highest quality riding whips
